Project Officer will consider the slope of the green, speed of the green, and overall difficulty. There should be no "Unfair" pin selection to "Trick up the Course". Every pin placement should give the good player a fair chance two-putting to hole. In general, a relatively flat area of 5 feet or more should surround the cup, unless totally prevented by the shape and contour of the green. Each day's pin placements should feature 6 easy, 6 medium, and 6 difficult pin placements (course condition/weather permitting). A pin place sheet is prepared daily to show the placement of the pin in relation to the center of the green.

b. Tee Marker Placement: Tees are moved daily to provide for a variety of shots required for each hole throughout the tournament.

b. Pairings shall be determined by the results of the two qualifying rounds. However, pairings or groupings shall not include all players from the same Service. When grouping by score, the next best scoring player shall be inserted. For example: If USAF has top three scorers and Navy player is ranked fourth, the top two USAF players and Navy player shall make up the threesome.

13. PRACTICE ROUNDS: Each Service team is allowed an equal number of practice rounds prior to the start of the tournament.
