2. ELIGIBILITY:

   b. All athletes must have a valid USA Cycling (USAC) international racing license and meet all eligibility requirements of USAC, the International Cycling Union (UCI), U.S. Armed Forces Sports and CISM.
   c. All athletes must be in good standing with USAC, UCI, CISM, U.S. Armed Forces Sports and the United States Anti-Doping Agency (USADA).
   d. Pro and elite/U23 license holders are eligible for consideration. Athletes holding a domestic racing license will obtain a USAC international license upon selection to the CISM Team.
   e. Athletes must possess a current Passport. Failure to secure either of these documents in a timely manner, as determined by the Team Manager, will result in dismissal from the Team.

3. APPLICATION PROCESS: All applicants shall:

   c. Send to the athlete’s appropriate Service branch sports office. Application deadlines will be announced in advance based upon the schedule for CISM World Championship events. CISM Team application deadlines will be announced accordingly.
   d. Applications/Application process can be found visiting the following website: https://armedforcesports.defense.gov/For-Athletes/How-to-Apply. (Follow your Service logo)

4. SELECTION CRITERIA (for all cycling disciplines):
   a. There is no automatic selections to the CISM Team; all selections will be discretionary. All licensed athletes will be given the same selection consideration with no preference given to members of specific clubs, teams, or geographic regions.
Discretionary team selection will be made by the Team Manager, in consultation with a selection panel. The primary purpose is to select the best physically, psychologically and technically prepared athlete(s) in order to produce medal-winning performances. Based on the context of the situation, the selection panel will evaluate which athletes should be selected to the team in order to field the strongest, soundest and most unified team for this event. Discretionary selections shall be based on the following prioritized criteria:

1) Medal capable:
   a) A recent history of top finishes at CISM World Championships, international or domestic elite events;
   b) The ability to produce medal capable times under certified conditions within the past 12 months;
   c) Consistently placing high among top-quality fields at international or domestic elite events;
   d) A recent history of strong performance in international or domestic elite competition that would indicate

2) CISM medal potential.
   a) An athlete who can enhance team performance is one who, based on their experience and current level of performance, is expected to contribute substantially to the overall team performance or to the performance of a medal capable team member. In the case of our selection philosophy, this is deemed to be particularly important in the special case where a medal capable individual has been selected to the team and the athlete’s contribution may assist the medal capable athlete in a medal winning performance. Obviously this effect may be of primary importance when nominating athletes for team-based events (Men’s Road Race, Women’s Road Race, Team Pursuit, Team Sprint, and Madison) where the synergy of the team members and/or the ability to play a strong support role is critical to the success of the team. For example, even though the Road Race event is scored individually, athletes who are capable of executing a team strategy for the designated team leaders can have a profound impact on the ability of the medal capable team leaders to achieve a medal winning performance.

3) Future medal capability:
   a) An athlete who demonstrates a trend of improving performance in domestic competition that, when extended a reasonable distance into the future, intersects the current CISM performance standard for the event under consideration; and/or;
   b) An athlete who, despite being “new” to the sport or competing a relatively short time in the sport, is within a reasonable percentage of the CISM performance standard; and or despite being biologically immature, is within a reasonable percentage of the CISM performance standard.
   c) There is no requirement to fill the roster for each specific cycling discipline or gender.
   d) Selections will be made based on the ability of athletes to meet the selection criteria.
e) Mechanical problems and crashes are a part of cycling. Therefore, the Team Manager will not consider an athlete’s position or placing in an event or events at the time the athlete experienced a mechanical problem or crashed or went off course as a determining factor for selection.

f) Specific selection criteria for each cycling discipline will be announced as these disciplines are offered at CISM World Championship events. Not every discipline is offered at every CISM Championship. Events offered are at the discretion of the host country and the CISM Cycling Sport Committee.

5. SELECTED ATHLETES

a. Selected athletes are expected to compete in a regular schedule of training and races, as approved by the Team Manager, between the team selection and the CISM Championship. The reason for schedule approval is to ensure the athlete’s focus is on CISM Team preparation.

b. The Team Manager will nominate/select and manage all athletes and staff who participate in these events.

c. All aspects of the team travel, and all on-site logistics and housing for this event will be centrally managed. All athletes and staff who are part of the official U.S. Armed Forces Cycling Team delegation for this event must function as a team.

This ensures all bikes and other equipment are accounted for and allows time for equipment quality checks and repairs.

f. Athletes are expected to arrive with a bike that is clean and in race condition. If not, and staff has to make repairs to get the bike into race condition, the athlete may be required to pay for these repairs. The need for such repair will be determined by the staff, because the success of the entire team depends on the preparedness of each athlete and his/her equipment.

g. Any and all equipment provided by U.S. Armed Forces Cycling to an athlete attending this event remains the property of U.S. Armed Forces Cycling and must be returned at the end of the event. Failure to return property in a timely manner may result in future penalties, financial liability, or disciplinary action.

These selection procedures have been developed based on the most recent information regarding the events, athlete participation, team qualification and team size.

If an athlete is removed by ineligibility, illness or injury, positive drug testing for a banned substance or fails medical control procedures; voluntarily resigns, or is a recipient of USAC, UCI or Armed Forces disciplinary actions, the athlete MAY be replaced.    b. Discretionary team selection will be made by the Team Manager, in consultation with a selection panel. The primary purpose is to select the best physically, psychologically and technically prepared athlete(s) in order to produce medal-winning performances. Based on the context of the situation, the selection panel will evaluate which athletes should be selected to the team in order to field the strongest, soundest and most unified team for this event. Discretionary selections shall be based on the following minimal prioritized criteria:

Additionally, these individuals will NOT be credentialed as part of the CISM Team for this event and will therefore not be allowed in the USA Team cabin(s) or pit areas unless specifically granted that privilege by the Team Manager.

This policy will not apply if the awards banquet or ceremony is conducted as a separate event at a later time. However, more restrictive installation policies in regards to alcohol will take precedence. Violation of this policy shall result in immediate suspension from the remaining championship/event, disqualification from higher-level competition and selection to the All-Tournament Team, and shall be subject to further administrative actions by the AFSWG.

12. ICE-BREAKER SOCIAL. Authorized team members must attend the event in their Service polo or logo shirt, coordinated slacks, and appropriate footwear (exceptions may be made dependent on host site letter of instruction). Armed Forces participants must report to the Armed Forces Championship with required travel documentation and proper military uniform in their possession when a CISM Championship immediately follows an Armed Forces event. Participants must attest to their availability for the advanced competition by completing and turning in this Advancement Form prior to the Armed Forces Championship Organization Meeting. This will allow the Armed Forces Team Selection Panel a complete list of fully available candidates prior to the scheduled Armed Forces Team Selection Meeting. Failure to submit this form will disqualify participants from advancing to higher level competition.

To this end, I pledge to uphold the spirit of this Code of Conduct, which offers a general guide to my conduct as a member of the Armed Forces Sports program. I recognize that this Code does not establish a complete set of rules nor prescribe every aspect of appropriate behavior.

By signing this Code of Conduct, in its unaltered form, (1) agree to abide by this Code and the instructions of those appointed over me; (2) understand that the Uniform Code of Military Justice shall apply as I am on official Department of Defense Travel Orders, and (3) acknowledge that the Code applies immediately upon my signing this document for the duration of the Armed Forces Championship, training camp and through higher level competitions and events.

- avoid criminal behavior.
- refrain from all behaviors/actions that are offensive, abusive, discriminatory and all those behaviors/actions that would violate all Department of Defense and Service policies/regulations pertaining to Sexual Harassment and Sexual Assault.

1. Project Officers shall ensure the following items are provided and completed:

   a. Billeting is arranged at host installation during training camp. For non-CISM events, project officer is responsible for arranging billeting at the competition site, unless otherwise directed by the Armed Forces Sports Office or the Host Service Athletic Director. If billeting is not provided for free, billeting shall be arranged at the GSA per diem rate.

   b. Provide meals and incidental expenses per funding guidance listed in paragraph 9 of the Armed Forces Sports SOP. Rates shall be per the following guidance:

      1) Meals and Incidentals shall be provided by the hosting Service at the appropriate rate per the JTR (Reference c). When hosting the training camp on the installation, the GSA on-base rate shall apply to cover the cost of the dining facilities.

      2) If meals are provided to the athletes, only the incidental rate shall be paid. CONUS incidental rate is $5.00/day. OCONUS incidental rate is $3.50/day. The OCONUS incidental rate of $3.50 applies when participants are housed on a U.S. military installation or lodging and messing is provided by the host nation. JTR authorizes the use of the $3.50/day if the Authorizing/Order-Issuing Official (AO) determines that a reduced rate for incidental expenses is adequate. The reduced incidental expense rate must be stated in the traveler’s orders (reference c, para 020304, F on page 2-35). Reduced incidental expense rates do not apply to the days traveled by the participant.

      3) If dining facilities are not available for three meals per day, then the GSA proportional rate shall apply. If dining facilities are utilized, arrangements must be made to authorize civilian staff members (coaches, trainers, etc.) to use facilities.

      4) Travel to and from competition from the training camp shall use the GSA rate for the temporary duty site per JTR.

      5) Sample calculation for the following scenario:

         a) The Armed Forces Men’s Soccer team (roster of 22 personnel) is training for 10 days at NAS Mayport, FL and will compete at the CISM Championship in Rio de Janeiro, Brazil for seven days (including travel to/from). At NAS Mayport, lodging is available at $35/night per athlete and messing is provided and directed at the installation’s dining facility. At CISM, the host nation is providing all meals at no cost to the delegations. The following shall be used for determining expenses:

            1) Lodging: 22 people x $35/night x 9 nights = $6,930.00

            2) Meals and Incidentals (M&IE):

               a) Training Camp: 22 people x 10 days x $19.60/day (on-base per diem rate) = $4,312 ($196.00/person)

               b) CISM (7 days including 2 travel days):

                  1) Travel day M&IE is 75% of full rate to/from Rio de Janeiro = $123.00 x 75% = $92.25/day x 2 days = $184.50/person
2) TDY/TAD rate is $3.50/day, the standard OCONUS incidental rate. Meals are provided. $3.50 x 5 days = $17.50/person.

3) Total calculation: 22 people x ($184.50 travel M&IE + $17.50 TDY/TAD Incidental rate) = $4,444.00 ($202.00/person).

c) Total M&IE for training camp and CISM = $8,635.00 ($392.50/person)

6) Per Diem rates can be found at the following link:
   http://www.defensetravel.dod.mil/site/perdiemCalc.cfm

   c. Arrange transportation to include:

   1) Local transportation at training camps.

   2) Transportation to and from higher-level competition.

   3) Travel rates can be found at: https://mygovtrip.com or https://www.gsa.gov/travel/plan-book/transportation-airfare-pov-etc/city-pair-program-cpp

   d. Securing scrimmage competitions and training facilities for all team sports.

   e. Entry fees to higher level activities.

      a) Host Service is responsible for purchase of all competitive uniforms. Uniforms for higher-level competition are purchased annually with athletes retaining all uniforms and issued items upon completion of each competition. Armed Forces Sports will provide you the maximum allowable expense for competitive uniforms as listed in appendix (N) of the SOP.

      b) At the request of the proponent Service, AFSCS will issue an authorization letter to the Service Representative and the Host Project Officer 90 days prior to the Armed Forces Championship. The team captain in coordination with the Service Representative and the Host Project Officer will distribute the issue items to the team delegation and will return all unused excess items.

      c) Armed Forces Teams advancing onto National Championships will use the Armed Forces Sports emblem on their competitive uniform and “USA” on their bags and warm-ups as applicable.

   g. Project officer shall ensure Team Captain is issued Code of Conduct Forms (appendix D); Team Captain LOI (appendix G); Team Captain Booklet (appendix H); Chief of Mission LOI (appendix I); Chief of Mission Booklet (appendix J); Military Uniforms Equivalent Chart (appendix K); Anti-Doping Declaration Form (appendix L); Anti-Doping Brief (M); and Armed Forces and CISM Flag/Marching Protocol (appendix O).

MEMORANDUM FOR Armed Forces Team Captains and Coaches

SUBJECT: Team Captain and Coach Letter of Instruction (LOI)

1. This LOI outlines the responsibilities of coaches and team captains of Armed Forces Sports teams, summarizing standards of conduct and emphasizing expectations of these leadership positions. Anything less than full compliance may result in removal from the position.

2. The Armed Forces Standard Operating Procedure (SOP) dictates procedures for selection of Armed Forces team captains and coaches (Para. 8.d.(6)-(7)).

3. An Armed Forces team is a highly visible military representative to many civilian and other military organizations. All team members represent their Service and the Department of Defense and are expected to enhance the prestige of the Armed Forces and its traditions. Team leaders are expected to ensure the following:
   a. To be eligible for advancement to CISM, all Service members must arrive at the Armed Forces training site on-time, with proper military uniforms, current passports, and necessary paperwork for overseas travel. Any athlete, coach or team captain failing to comply will be removed from the official roster and returned to their home duty station.
   b. Grooming standards for active duty coaches, trainers, players are maintained at or above military standards
   c. Team members are on their best behavior at all times and shall comply with the Armed Forces Sports Participant Code of Conduct.
   d. Show complete impartiality to all team members regardless of original service. For coaches, the best players and team must be put forward. The opportunity to coach the Armed Forces team must not be abused, or used to develop allegiance from players selected from the coach’s respective service. There will be no double standards for any team members.
   e. Know the whereabouts of all team members at all times and must maintain reasonable curfews. Curfews must be established to ensure a minimum of eight hours of rest. All coaches and players must billet at the same location provided by the hosting agent unless the entire team relocated due to unsafe or unsanitary conditions.
   f. Leave or liberty is not authorized for to any athlete, coach or team captain participating in an Armed Forces training camp or higher level competition (CISM, SHAPE or Nationals). Participants may only leave a training camp or higher level competition for a Red Cross Emergency or an operational duty commitment (action coordinated through the host service project officer and respective service representative).
   g. Adding and/or cutting athletes shall be in compliance with the Armed Forces Sports SOP.
h. Close monitoring of athletes in applicable sports to ensure competitive weight is maintained.

4. All coaching staff must be present during all trial/training camp, scrimmages, and competitions. The coaching staff and team captain must travel with the team to all games and functions. The team captain must be at the training camp and the competition if the team is not located on a U.S. Military Installation. If on a U.S. military installation and if all Services agree, the local sports director may assist with administrative needs until the team captain joins the team.

5. The team captain must work with the coach to ensure all athletes have checked out of the billets/hotel, paid any personal obligations incurred during stay, and ensure all vehicles are returned. Athletes are not authorized to remain at a championship once the team has departed (unless the individual has official documentation authorizing leave in the local area), even if their travel order dates take them through the completion of the event. The coach and team captain must be the last to depart a competition.

6. The Armed Forces Sports Office issues clothing for all members of the delegation. It is mandatory for all team members to wear these items in a competition setting or to all official events. Delegation must wear khaki slacks and Armed Forces polo shirt to all informal banquets and functions. If traveling overseas, the team should wear the khaki slacks and a polo shirt. Safety is key when traveling and travelers should practice sound OPSEC. The coaches and team captain must enforce this standard.

7. CISM championships require the U.S. team to act as an ambassador while in the host country. The U.S. team must strive to uphold the CISM motto “friendship through sport.” All official functions require mandatory attendance by the entire delegation with all in designated attire. Prescribed military uniforms are required.

8. All delegation members must receive Anti-Terrorism Level 1 and SERE 100.2 Level A training prior to OCONUS travel. These trainings are offered at http://jkodirect.jten.mil/. For Anti-Terrorism Level 1, search the course number JS-US007. For SERE 100.2 Level A, search J3TA-US1329. In addition, ISOPREP is now required for most COCOM’s. Visit https://prmsglobal.prms.af.mil/prmsconv/Profile/Survey/start.aspx to complete this requirement. ISOPREP is normally valid for one year, but some COCOM’s require it every six months. Always best to update when you are planning to travel OCONUS. Those with an established profile may need to contact their security officer to verify that all information is accurate.

9. Any non-compliance of the expected standards of conduct will result in corrective action as determined by the Armed Forces Sports Working Group per the Armed Forces Sports SOP. Actions may include, written reprimand, removal from official roster for that event, removal from the Armed Forces Sports program for one (1) year, or permanently prohibited from participating in the Armed Forces Sports program. In addition, the participant’s command will be notified of any disciplinary action. Please be reminded that all Service members and civilians are on official Department of Defense orders and their official place of duty is their assignment to the Armed Forces Team. The Uniform Code of Military Justice shall apply to all uniformed personnel. Department of Defense civilian employees are subjected to their respective Service human resource policies.
10. If any questions arise prior to you going, or once at the CISM Championship you can contact me at (210) 466-1335, or my cell at (210) 238-9919, or via e-mail at steven.a.dinote.naf@army.mil. You can also get more information about the program by logging on at www.armedforcesports.defense.gov. All required forms can be downloaded from this web site. As outlined in the Team Capt LOI, the team captain must be the last one to depart a CISM or National Championship, while ensuring that team members have been squared away concerning their departures. Thank you for your support of the Armed Forces Sports program.

MEMORANDUM FOR Armed Forces Team Captain

SUBJECT: Team Captain Booklet for Higher Level Competition

1. On behalf of the Armed Forces Sports Council (AFSC), congratulations on being selected as an Armed Forces team captain. Being a team captain can be very rewarding, but there are numerous responsibilities and duties you must fulfill. Please review this information booklet carefully. Most of this information is for Team Captains going to the International Military Sports Championships (known as CISM) but it also has applicable information for Team Captains taking Armed Forces Teams to National competitions within the U.S.

2. The role of the Armed Forces team captain (TC) is to act as the team administrator and action officer. You are responsible for the overall transportation, billeting, safety, and wellbeing of the team. This role is crucial to the success of the team. You are expected to be able to juggle many separate requests and tasks concurrently. Your confidence and ability to handle any obstacle will serve invaluable to ensure that the U.S. Armed Forces Team is successful not only in competition, but in maintaining the highest values of the United States Armed Forces.

3. Some important duties as TC include:

   a. Coordinate travel of team members.
   b. Ensure team members have all necessary military uniforms
   c. Ensure all members of the U.S. Delegation attend all competitions and ceremonies
   d. Ensure athletes are informed of dress requirements
   e. Ensure the athletes represent the Armed Forces and U.S. in a positive manner
   f. Handle all athlete requests and coordinate with the host nation organizing committee for any actions
   g. Coordinate payment of travel day per diem/incidentals to team members with the exception of referees
   h. Verifies weight standards for combat sports.
   i. Coordinate any problem with your Chief of Mission (COM). The Armed Forces Sports Council has authorized each COM to send an athlete back to his/her units for misconduct or not making weight for a combat sport. All the applicable information is included in the COM’s information booklet. Make contact with your COM preferably via phone prior to departure for the CISM championship.
4. One area that is often overlooked is the role of publicist and public affairs. This role tells the entire Department of Defense and sports community the story of your team. It is imperative that you take the time to submit an event wrap-up within 3 working days after the competition to ensure we get accurate and timely results to national press, websites, and other information sources. With the rise of social media, it is important that you find ways to provide photos and results after each U.S. competition or direct AFS to the appropriate web links covering these events. Some of the key things to include are:

   a. Number of countries competing in the CISM Championship

   b. Overall finish of our team (with times when applicable)

   c. Put names of any individuals separately when they have done something noteworthy i.e. win a medal, named to the all star team, or any other individual honor bestowed. Need complete name, rank, service, and duty station

   d. An overall synopsis of the results of the championship

   e. Remember – you are the eyes and ears of the Armed Forces Sports Office – no one can tell the story better than you!

5. Please send your report to Mr. Ken Polk, Media Relations, Armed Forces Sports Office via e-mail to kenneth.j.polk.naf@army.mil. Please attach action pictures (jpeg, tif, etc) as part of your submission with cut lines identifying our athletes by name, rank, service, and duty station. If you do not have a computer, or scanner available, you can mail the pictures to the Armed Forces Sports Office. If someone other than you took the pictures, ensure that you have their permission to release them. Please ensure that these are action shots (high resolution).

6. If any questions arise prior to you going, or once at the CISM Championship you can contact me at (210) 466-1335, or my cell at (210) 238-9919, or via e-mail at steven.a.dinote.naf@army.mil. You can also get more information about the program by logging on at www.armedforcesports.defense.gov. All required forms can be all downloaded from this web site. As outlined in the Team Capt LOI, you must be the last one to depart a CISM or National Championship, while ensuring that team members have been squared away concerning their departures. Thank you for your support of the Armed Forces Sports program.

CISM INFORMATION

Brief History of CISM:

Despite the French name, the Conseil International du Sport Militaire (CISM) is in reality based upon an American idea. At the end of World War II, the American Commander in Chief, General Joseph McCarney was searching for a means to bridge the language and cultural barriers, and bring together the widely diverse allied forces in Europe into a cohesive and cooperative force. He recalled the highly successful Allied Forces Sports Council (AFSC), which General Joseph Pershing created at the end of World War I, when faced with a similar problem. General McCarney revived the concept and it was an instant success. Allied Forces from Western and Eastern Europe competed against each other on the playing field in perfect harmony.

In 1947 political storm clouds appeared on the horizon. Russia and other eastern countries withdrew. Then England and America withdrew. Thereafter, the AFSC rapidly disintegrated. Only a handful of nations, who had clearly seen the potential of sport bringing together the Armed Forces of the world refused to let the idea perish.

The French Armed Forces organized a meeting, February 16-18, 1948, in the city of Nice and invited all countries interested in forming a permanent military sports association to attend. Belgium, Denmark, Luxembourg, and the Netherlands participated. By the end of the meeting, statutes and regulations for a worldwide organization were drawn up and ratified. From those five “founder nations” CISM has grown into an organization of 139 nations today. This makes it the world’s biggest military organization and the second biggest sports organization next to the International Olympic Committee.

Aims and Objectives:

The aim of CISM, while setting a good example in each member country, is the encouragement of military sports and the development of friendly relations between the Armed Forces of the various fields related to sport and physical fitness.

CISM:

- Establishes permanent relations between Armed Forces for the exchange of ideas and encourage research in various fields related to sport and fitness.

- Entrusts the member nations with the organization of the numerous sport championships and meeting organized under its auspices.

- Encourages and supports all measures designed to establish and reinforce friendly relations between military participants and promote activities designed to increase understanding, mutual respect, and friendship between nations.
**CISM Motto:**

This quote from the famous French writer, Jean Giraudoux, once himself a famous military athlete, has been adopted by CISM as its official motto:

*SPORT means peace*
*SPORT is the opposite of war*
*SPORT is the cure for war*
*SPORT is international*
*SPORT brings nations closer*

In summary, CISM is endeavoring to substitute the playing field for the battlefield. In the 1990’s CISM shortened the CISM motto to “Friendship Through Sport.”

**CISM Sports Calendar:**

Like the Olympic Games, CISM holds a Military World Games competition every four years (the year prior to the summer Olympics). The first games were held in 1995 in Rome, Italy; the 2nd games in Zagreb, Croatia (1999); the 3rd games in Catania, Italy (2003); the 4th games in Hyderabad, India (2007); the 5th games Rio de Janeiro, Brazil (2011); the 6th Games in Mungyeong, South Korea (2015); and the 7th Military World Games held in Wuhan, China. TEAM CAPTAIN INFORMATION

1. Appointment of Team Captains: For higher-level competition (CISM, SHAPE Men’s Basketball or Nationals), a team captain is appointed. This person is an officer or civilian equivalent. The team captain remains in the Armed Forces training camp with the Armed Forces team, or travels with the team if the training camp is not located on a U.S. military installation. If the Armed Forces training camp is held on an installation, the local sports director may assist with administrative needs until the team captain joins the team. Each team captain, coaches and athletes sign the appropriate forms for higher-level competition. They agree to strictly adhere to all the rules outlined.

2. Code of conduct and Higher Level Availability Forms: All applicable forms for athletes, coaches and team captains that must be signed can be downloaded from our web site. It is your responsibility to download all the forms at www.armedforcesports.defense.gov. All the forms need to be signed prior to going to the Armed Forces training camp, or if no training camp, prior to going to the CISM Championship. It is the responsibility of the team captain to keep these forms for everyone that is on the Armed Forces Team through the respective higher-level competition. If for some reason the web site is down please call the Armed Forces Sports at 210-466-1335 steven.a.dinote.naf@mail.mil or 210-466-1336 kenneth.j.polk.naf@mail.mil and forms will be forwarded via e-mail to you.

3. Ensure everyone on the team receives and completes a United States military sports athlete code of conduct form. The team captain keeps all completed forms in a folder until the end of the championship. Along with the Chief of Mission (if available) conduct a briefing highlighting the major points of the code of conduct to the team members, so that all are aware of their individual responsibility to the team, the Armed Forces Sports program, the Department of Defense and to the United States of America.

4. CISM Representative:
   a. A CISM Board of Director member or a member of the CISM Staff is appointed to represent CISM officially at each of the events scheduled on the calendar. If, at the last moment, the Official CISM Representative (OCR) appointed to represent CISM in an event is unable to attend the event, the highest ranking Chief of Mission or in his absence, a delegate present of the nations invited will take over the representation. Be prepared to inform the Chief of Mission of this responsibility in the event they are asked to represent CISM. Ensure they are experienced in CISM.

   b. If there are any problems at the Championship you and the COM must try to work it out with the liaison assigned to your team. This person will speak English and will try to resolve the problem. If the problem cannot be resolved at this level then go to the Head of the Organizing Committee, and then finally if still not resolved, you have the authority to get the CISM rep involved. If this procedure is not followed, further action cannot be taken against host country by CISM. If a problem does not get resolved by the CISM rep, document your action and send me an e-mail after you get back.

5. Responsible Authorities. The following authorities are responsible for the direction of a CISM competition:
Subj: Team Captain Booklet for Higher Level Competition

a. Official CISM Representative,
b. Competition Organizing Committee,
c. Technical jury
d. Jury of Appeal.
e. Their functions are described in detail in the technical regulations governing each competition. However, for the jury of appeal, if three (3) CISM delegates from different countries are absent, the CISM delegates present completes it.

6. Regulations Governing Competition. Unless special authorization is granted by the General Assembly, all competitions are governed by the Special Regulations established by CISM.

7. Opening Ceremony. Any military ceremony prescribed by the protocol of the host country will be adhered to. The CISM flag is solemnly hoisted near the flags of the participating countries. The CISM anthem is played at the moment the CISM flag is hoisted. While the teams file by, the CISM march is being played. Depending on the protocol of the host country, opening of the competition is declared by either a high military or civilian official of the country or by the official CISM representative.

8. Closing Ceremony/Awards. According to the circumstances, the closing of a competition may either be accompanied by a military ceremony similar to the opening ceremony, or may be coupled with the distribution of awards during the closing dinner.

a. CISM gold, silver, and bronze medals are presented to the athletes. If a Team trophy is won by the U.S. then you make the decision with the COM on where it will be displayed back home, and inform the AFSCS. You may also elect to send the trophy to the Armed Forces Sports Office. If U.S. team wins a rotating team trophy (e.g. Modern Pent) please have country contact the AFS office. Do not agree to any shipping, since we have had problems in this area.

9. Uniform. Appropriate Military uniform (winter or summer) as dictated by host country in their invitation, is always worn at opening ceremonies and normally at the closing banquet. Since Closing Ceremonies are done right after the competition, warm-ups are usually worn; otherwise it will be the military uniform. The military uniform must be worn at any official event. Civilian clothes (issued polo shirt with khaki pants or shorts) may be worn for cultural initiatives sponsored by the host nation. See appendix (K) of the Armed Forces Sports SOP for Service equivalent uniforms.

a. The host country is responsible for the safety of all delegations in attendance. All delegation members must receive Anti-Terrorism Level 1 and SERE 100.2 Level A training prior to OCONUS travel. These trainings are offered at http://jkodirect.jten.mil/. For Anti-Terrorism Level 1, search the course number JS-US007. For SERE 100.2 Level A, search J3TA-US1329. In addition, ISOPREP is now required for most COCOM’s. Visit: https://prmsglobal.prms.af.mil/prmsconv/Profile/Survey/start.aspx to complete this requirement. ISOPREP is normally valid for one year, but some COCOM’s require it every six months. Always best to update when you are planning to travel OCONUS. Those with an established profile may need to contact their security officer to verify that all information is accurate.
b. Specific country information can be found at www.travel.state.gov/travel. Click on the Consular Information Sheets to get all the info about the country where the championship is being hosted.

c. AFS office will take care of travel clearances to the host country, and provide a copy with any approvals to the TC. AFS will take care of Country Clearances and take care of VISA needs if it is required for entry to a particular country. The host nation is responsible for all security measures. However, you are required to ensure you have the appropriate point of contact information for the U.S. Embassy in the host nation. The AFS will provide this information to the team captain. AFS will also provide links for mandatory training requirements for country and theater clearances.

11. Travel Uniform of Delegation. Due to operational security and safe travel practices, civilian attire is required for travel. Dress must be consistent and all team members must adhere. Civilian attire in these circumstances shall still be professional in image, such as khaki pants, polo shirt, dress shirt, etc… Jeans are not authorized.

12. Program. Upon arrival, the delegations normally receive the following information material: a guide containing all necessary information for the duration of their stay, local currency info and conversion places (ATMs are normally accessible), time and place of church services. Also meal schedules, operating hours of the Information desk, available means of transportation and schedule, and so on. Also, an envelope containing the technical program, contest schedules, composition of juries, time and place for training, and so on.

13. Housing/Food.

a. The delegations will be housed under the best conditions possible, whereby the capability of the country and the rank of the guests will be considered. Normally Chiefs of Missions and Referees are housed separately from the Team Captain and athletes.

b. The food provided normally meets standards, but at times lacks in variety depending on host nation.

c. All countries will do their best job possible to provide adequate lodging and food but sometimes this does not measure up to American standards. Try to make the best of the situation for the short duration of your visit to this country.

14. Medical

a. Any medical issues should be worked through your Team Trainer who will coordinate with host organizing committee POC.

b. Milder medical cases are treated in the dispensary.

c. Severe cases are treated in a hospital equipped for complete examinations.

d. A massage and general conditioning room for the athletes is normally offered.

e. Host country will not provide treatment for anyone for an existing medical condition, but they are responsible for providing daily sick call.
15. **Local Travel.** The host delegation makes available all necessary transportation for delegation’s travel during the championship. However, it is not obligated to assume responsibility for private travel.

16. **Arrival/Departure.** Any delegation that participates in a championship must strictly adhere to the arrival and departure dates. An exception may be made due to an act of God, or where an understanding with the host delegation has been reached and, if necessary, with the Host Organizing Committee. As a rule, the arrival time is fixed 24 to 48 hours prior to the beginning of the contests and the departure time is 24 to 48 hours following the conclusion of the championship. If there are radical changes made by the host country, be sure to notify the Armed Forces Secretariat.

17. **Anti-doping Information Form:** Each athlete must be briefed regarding banned substances (Appendices K and L) and sign the Anti-doping Declaration Form (Appendix K) attesting to the understanding of the policies. The forms are available on the AFS website. As the team captain, you must be aware of these substances and ensure each athlete is properly briefed on these prohibited substances and signs the form. There is random drug testing done at CISM Championships. If in doubt, the athlete should not take the substance (or stop taking it) and contact the Armed Forces Sports Office. The web site at [www.usantidoping.org](http://www.usantidoping.org) also provides the latest information. In 2011, a U.S. athlete tested positive for a stimulant found in an energy drink that was legally purchased over-the-counter at a national retail outlet.

18. **Mementos:** Mementos are an important part of any CISM competition. They provide an icebreaker to build “Friendship through Sport”. Mementos include (CISM Only):

   a. Lapel pins (each person will receive approx 20 pins)

   b. Team captain mementos to exchange with other Team Captains and support staff of host nation)

   c. Memento for host country (to be presented by COM at formal event scheduled by host nation)

   d. Chief of Mission (COM) mementos (to be exchanged with other COMs)

   e. If you are with a team sport or combat sport that has a pre-event exchange with opponent/s you will be provided appropriate number of items for exchange

   f. NOTE: Please ensure that mementos are packed with carryon baggage.

   g. Please inform team members not to give out everything in the first or second day. These mementos are to be used for exchanging throughout the competition. Same holds true of the COM mementos and team captains’ mementos (various items). The COM’s are to exchange them with other COM’s as reciprocation, and not simply give them away. Team Captains can reciprocate with other team captains or use them as thanks to certain members of the organizing committee who deserve the honor. Please tell all Athletes not to trade their Warm-ups until the completion of the Closing Ceremonies. Warm-Ups are also worn for all medal ceremonies.
19. **Flags and National Anthem CD:** Each delegation receives 1-2 flags depending on the sport and a CD with the United States national anthem, only if the host country requests us to bring them in the invitation. Flag is used for the opening and medal ceremony. Please provide the flag and anthem to your host nation liaison upon arrival, but make sure that you get them back. Please get these items back as you will have the responsibility to return them to AFSCS within 10 – 15 days after you return to the U.S. Ensure that under no circumstances does the American Flag touch the ground or dip to another nation’s flag or official.

20. **Officials:** The Armed Forces Sports Secretariat works with each sport’s Chief, National Governing Bodies to nominate an U.S. official for respective CISM championships. They also receive a stipend for their services (prorated among the services). The Armed Forces Sports Office pays the stipend, makes all travel arrangements and cuts their orders for travel. We will usually try to connect them with the team’s arrival to make it more convenient for the host country. All information on the officials will be provided to the team captain and he/she should meet/greet the officials and include them in all team activities based on their schedules at the championship.

21. **Dress Code For CISM:**

   a. It is recommended that all U.S. delegation members wear Khaki pants with the CISM Polo Shirt, or warm up unless informed of a different dress code. Each delegation member is responsible for bringing their own khaki pants.

   b. The appropriate military uniforms (summer or winter) will be worn at Opening Ceremonies and the Formal Banquet. Type of uniform is dictated by the host country in their invite. The warm up is normally worn at closing/medal ceremonies. However, sometimes it is the military uniform. Civilians on the team should take appropriate business attire (i.e men sport jacket and tie, women dress/skirt or pant suit). This would be worn when military wear their uniforms. Khaki pants or Khaki shorts (depending on the weather conditions) and the Armed Forces Polo Shirt will be worn for Cultural Day, or any other designated function.

   c. Military Service members will adhere to service specific regulations in regards to earrings, grooming standards and attire.

   d. The USA issued gear is considered the duty uniform.

22. **Passports:** The DoD Foreign Clearance Guide shall determine whether passports are required or if military participants are authorized to enter with their military ID card and orders. It is the team captain’s responsibility to ensure each athlete has a current passport (Most countries will not accept a passport that is going to expire within 90 days of travel). Lack of a passport will render an individual ineligible for higher-level competition. Athletes must come to Armed Forces competitions with their passport for any sport that leads to CISM or SHAPE. Each service is responsible for ensuring that their respective athletes have valid up to date passports. If Visas are required then AFSCS will obtain them.

23. **Toiletries:** To avoid unnecessary expenses, make sure all delegation members bring a bath towel (or two), bar of soap, and a padlock as well as personal toiletries, over the counter medications, and adequate supply of prescription medications.
24. **Uniforms Purchase & Apparel Issue:**

   a. The team captain will receive a letter from the Armed Force Sports authorizing purchase of competitive uniforms for the team. The Team Capt will provide sizing information on the team (with exception of referees) to AFSCS NLT 12 Working Days prior to the higher level competition. Along with the issue items, the team captain will receive a shipping document of all issue items that he/she needs to sign and return to Armed Forces Supply at Ft Indiantown Gap, PA. Exchange of items due to sizing problems can be worked with POC at Fort Indiantown Gap. Do not wait until the last minute to do this. It is the Responsibility of the Team Capt to ensure that all excess items are returned to the Gap prior to leaving for the CISM Championship. You do not have the authority to issue excess items to staff or keep anything without prior approval from AFSCS.

   b. It is the team captain’s responsibility to ensure all team members have their competitive uniforms and equipment (excluding firearms, bikes, etc) in their carry-on bag. Lost luggage should not hinder an athlete from participating in a running race, e.g. their shoes, shorts and singlet should be with them as carry-on. It is always good to pack at least two days’ worth of change of clothing and undergarments in carryon luggage.

25. **Incidental Expenses and Lodging:** Delegation members attending CISM receive $3.50 per day, the OCONUS incidental rate, as lodging, meals, and transportation are provided. The delegation will not move out of lodging provided by host country; instead the U.S. Chief of Mission will work problems with host nation’s organizing committee and official representative from CISM. Payment for travel days are authorized the rates of the TDY/TAD site in accordance with the Joint Travel Regulations (JTR). Training Camp rates will be $19.05 per day if training camp is on a military installation with a dining facility. If training camp is not at a military facility then GSA rates shall apply. Host Service for Armed Forces Championship would be responsible for paying all applicable rates and coordinate pro-rata with other Services.

**Enclosures:**

This check is not authorized for team dinners/drinks, buying personal athletic equipment, or paying for sightseeing tours. All paperwork and receipts with a memo explaining the expenses will be sent to AFSCS within 3 Working days after the team captain returns to the U.S. Check for the remaining balance will be made out to the Army MWR Fund. MEMORANDUM FOR Armed Forces Team Chiefs of Mission

SUBJECT: Chief of Mission Letter of Instruction (LOI)

1. This LOI outlines the responsibilities of the Chief of Mission of Armed Forces Sports teams, summarizing standards of conduct and emphasizing expectations of this important leadership position. Anything less than full compliance may shed a negative light on the United States Delegation and possible removal from the position.

2. The Armed Forces Standard Operating Procedure (SOP) dictates procedures for the selection of Chiefs of Mission (CoM) (Para. 8.d.8)).

3. An Armed Forces team is a highly visible military representative to many civilian and other military organizations. All team members represent their Service and the Department of Defense and are expected to enhance the prestige of the armed forces and its traditions. Team leaders are expected to ensure the following:

   a. To be eligible for advancement to CISM, all team members must arrive at the Armed Forces training site on-time, with proper uniforms, current passports, and necessary paperwork for overseas travel. Any athlete, coach or team captain failing to comply will be removed from the official roster and returned to their home duty station.

   b. Grooming standards for active duty coaches, trainers, players are maintained at or above military standards

   c. Team members are on their best behavior at all times and shall comply with the Armed Forces Sports Participant Code of Conduct.

   d. Show complete impartiality to all team members regardless of original service.

   e. Team Captains and Coaches shall know the whereabouts of all team members at all times and must maintain reasonable curfews. CoM’s shall establish a curfew to ensure a minimum of eight hours of rest. All coaches and players must billet at the same location provided by the hosting agent unless the entire team relocated due to unsafe or unsanitary conditions.

   f. Granting of leave or liberty to any athlete, coach or team captain participating in an Armed Forces training camp or higher level competition (CISM, SHAPE or Nationals) is not authorized. Participants may only leave a training camp or higher level competition for a Certified Red Cross Emergency or a Certified Operational Duty Commitment (action coordinated through the host service project officer and respective service representative).

   g. Close monitoring of athletes in applicable sports to ensure competitive weight is maintained.
h. Are present throughout the entire championship, accept the lodging provided by the host site, and attend all official functions as prescribed in the event agenda.

i. The CoM shall ensure that the entire delegation is aware of all of the aforementioned rules and regulations pertaining to the host site and CISM.

4. The CoM shall coordinate with the team captain and coach to ensure all athletes have checked out of the billets/hotel, paid any personal obligations incurred during stay, and ensure all vehicles are returned. No athletes should ever be allowed to remain at a championship once the team has departed (unless the individual has official documentation authorizing leave in the local area), even if their travel order dates take them through the completion of the event. The CoM, coach and team captain must be the last to depart a competition.

5. The Armed Forces Sports Office issues clothing for all members of a delegation. It is mandatory for all team members to wear these items in a competition setting or to all official events. Competitive basketball uniforms must be returned to the team captain. Delegation must wear khaki slacks and Armed Forces polo shirt to all informal banquets and functions. If traveling overseas, the team should wear the khaki slacks and the designated polo when initially arriving. The coaches and team captain must enforce this standard.

6. CISM championships require the U.S. team to act as an ambassador while in the host country. The U.S. team must strive to uphold the CISM motto “friendship through sport.” All official functions require mandatory attendance by entire delegation with all in designated attire. Prescribed military uniforms are required.

7. All delegation members must receive Anti-Terrorism Level 1 and SERE 100.2 Level A training prior to OCONUS travel. These trainings are offered at http://jkodirect.jten.mil/. For Anti-Terrorism Level 1, search the course number JS-US007. For SERE 100.2 Level A, search J3TA-US1329. In addition, ISOPREP is now required for most COCOM’s. Visit: https://prmsglobal.prms.af.mil/prmsconv/Profile/Survey/start.aspx to complete this requirement. ISOPREP is normally valid for one year, but some COCOM’s require it every six months. Always best to update when you are planning to travel OCONUS. Those with an established profile may need to contact their security officer to verify that all information is accurate.

8. Any non-compliance of the expected standards of conduct will result in corrective action as determined by the Armed Forces Sports Working Group. Actions may include, written reprimand, removal from official roster for that event, removal from the Armed Forces Sports program for one (1) year, or permanently prohibited from participating in the Armed Forces Sports program. In addition, the participant’s command will be notified of any disciplinary action. As CoM, you are expected to review any infractions that occur on site and make the determination whether it is in the best interest of the delegation to send the athlete, coach, or Team Captain back to their duty station. Forms for such action shall be found in the CoM Booklet. Keep in mind, all participants are on official duty and subjected to the Uniform Code of Military Justice.

9. CoM’s may bring their spouses only if authorized in the Host Invitation. Travel for spouses is at the expense of the CoM and not the government. If you elect to bring your spouse, you are still expected to travel with the delegation regardless of whether or not your spouse can be accommodated on the same flight. More information can be found within the CoM Booklet.
10. CoM’s are the face of the United States Armed Forces and leave a lasting impression with other nations. As a leader, you are the example for your delegation and other nations to follow. Serve honorably and make us proud.

11. If any questions arise prior to you going, or once at the CISM Championship you can contact me at (210) 466-1335, or my cell at (210) 238-9919, or via e-mail at steven.a.dinote.naf@army.mil. You can also get more information about the program by logging on at www.armedforcesports.defense.gov. All required forms can be downloaded from this web site. As outlined in the Team Capt LOI, the team captain must be the last one to depart a CISM or National Championship, while ensuring that team members have been squared away concerning their departures. Thank you for your support of the Armed Forces Sports program.

MEMORANDUM FOR Chief of Mission

SUBJECT: Chief of Mission Booklet for Higher Level Competition

1. On behalf of the Armed Forces Sports Council (AFSC), congratulations on your selection as Chief of Mission (CoM). This booklet further enhances your efforts in leading the United States Delegation. The role of the U.S. Delegation Chief of Mission is to represent the United States and U.S. Armed Forces Team to the rest of the countries at the championship. This prestigious role is very important and can have a lasting impression on many foreign military officers and dignitaries. As the CoM, you must stay for the entire championship, and accept the lodging provided you by the host country. No deviations can be made from this, unless first checking with the undersigned. It is advisable to address the team to know what you expect of them as CoM (discipline, any curfews, etc).

2. As a representative of the U.S. Armed Forces and the United States, you are required to wear appropriate military uniforms (summer or winter) as dictated in the host invitation. Uniforms are normally worn at opening ceremonies and the closing banquet. Follow host country protocol for all official qualifications that you and team are required to attend.

3. As the CoM, you are allowed to bring your spouse to the championship only if authorized in the host invitation. You are responsible to pay for your spouse’s travel expenses. No other members of the delegation are authorized to bring a spouse or guest. If authorized and your spouse attends, (he/she) is considered part of the official delegation and will be extended all the courtesies afforded you. You may have to pay for lodging out of pocket for spousal expenses depending on the host country. The host country will take care of food, lodging and local transportation for all official delegation members during the championship. Please be aware that you must travel with the delegation, so if you elect to bring your spouse, you are not authorized to travel separately in the event your spouse is unable to book the same flight. If differently, you can coordinate with the host site to arrange a separate pick-up time for your spouse. We must reiterate that you must remain at the championship throughout its entirety with the delegation. Early departures are not authorized.

4. All countries will do their best to provide adequate lodging and food but sometimes this does not measure up to American standards. Brief the team to make the best of the situation for the short duration of their visit to this country. Communicate with the other CoMs to determine if the problems are universal. If so, try to work out the issues with host nation as a group and approach the Official CISM Representative.

5. The appointed team captain (TC) is your action officer. That person manages all aspects of the team to include travel, ensures all athletes attend required events and competitions, and coordinates with the host country point of contact in case of problems. In the event that the team captain is unable to resolve an issue, he/she may come to you for assistance. The team captain is typically a seasoned sports professional, who has attended numerous CISM events, so please rely and consult with this person when you need to. The two of you will be an
invaluable team. Please contact the TC prior to departure and preferably via phone if you are not at the same base.

6. The CoM is responsible for the conduct of delegation members. Some important areas to monitor are to ensure all members of the U.S. delegation attend all scheduled events during the championship and all members are dressed appropriately. You also have the authority (with input from the team captain and coaches) to set guidelines for team curfews and alcohol consumption. Most countries have a legal drinking age of 18. If an athlete or coach is deemed to have a disciplinary problem or is not fit for competition (i.e. does not make weight), the athlete or coach is to be sent home immediately and will be barred from participation in the Armed Forces Sports program for one year. Further guidance on this matter is found in Sec 8 of the CoM Information below.

7. A few areas of note: 1) The TC has mementos for you. Memento exchange is spelled out in detail in this booklet. 2) It is common for dignitaries from other countries to ask you to host CISM Championships in the U.S. As the CoM, you do not have the authority to authorize CISM events in the United States, as there is a significant expense to hosting a world championship, and prior commitments for other sports might have already been made by the U.S. Please tell the requesting official to contact the U.S. Chief of Delegation to CISM, Mr. Steven Dinote, at 210-238-9919 or steven.a.dinote.naf@army.mil. Be sure to include the request as part of your after-action report.

8. It is very important that you or the TC call or e-mail me once the Delegation gets to the host country to ensure that everyone has arrived. The host country will allow you to make official calls. Also daily e-mail updates would be very beneficial if it can be done, since we post this on our web site. Most host countries will have an internet area set up.

9. If any questions arise prior to you going, or once at the CISM Championships you can contact me at (210) 238-9919, or via e-mail at steven.a.dinote.naf@army.mil. Information on our program can be obtained by visiting wwwarmedforcesports.defense.gov We appreciate your time and effort and wish the best for your delegation.

CISM INFORMATION

Brief History of CISM:

Despite the French name, the Conseil International du Sport Militaire (CISM) is in reality based upon an American idea. At the end of World War II, the American Commander in Chief, General Joseph McFarlan was searching for a means to bridge the language and cultural barriers, and bring together the widely diverse allied forces in Europe into a cohesive and cooperative force. He recalled the highly successful Allied Forces Sports Council (AFSC), which General Joseph Pershing created at the end of World War I, when faced with a similar problem. General McFarlan revived the concept and it was an instant success. Allied Forces from Western and Eastern Europe competed against each other on the playing field in perfect harmony.

In 1947 political storm clouds appeared on the horizon. Russia and other eastern countries withdrew. Then England and America withdrew. Thereafter, the AFSC rapidly disintegrated. Only a handful of nations, who had clearly seen the potential of sport bringing together the Armed Forces of the world refused to let the idea perish.

The French Armed Forces organized a meeting, February 16-18, 1948, in the city of Nice and invited all countries interested in forming a permanent military sports association to attend. Belgium, Denmark, Luxembourg, and the Netherlands participated. By the end of the meeting, statutes and regulations for a worldwide organization were drawn up and ratified. From those five “founder nations” CISM has grown into an organization of 139 nations today. This makes it the world’s biggest military organization and the second biggest sports organization next to the International Olympic Committee.

Aims and Objectives:

The aim of CISM, while setting a good example in each member country, is the encouragement of military sports and the development of friendly relations between the Armed Forces of the various fields related to sport and physical fitness.

CISM:

- Establishes permanent relations between Armed Forces for the exchange of ideas and encourage research in various fields related to sport and fitness.

- Entrusts the member nations with the organization of the numerous sport championships and meeting organized under its auspices.

- Encourages and supports all measures designed to establish and reinforce friendly relations between military participants and promote activities designed to increase understanding, mutual respect, and friendship between nations.
CISM Motto:

This quote from the famous French writer, Jean Giraudox, once himself a famous military athlete, has been adopted by CISM as its official motto:

SPORT means peace
SPORT is the opposite of war
SPORT is the cure for war
SPORT is international
SPORT brings nations closer

In summary, CISM is endeavoring to substitute the playing field for the battlefield. In the 1990’s CISM shortened the CISM motto to “Friendship Through Sport.”

CISM Sports Calendar:

Like the Olympic Games, CISM holds a Military World Games competition every four years (the year prior to the summer Olympics). The first games were held in 1995 in Rome, Italy; the 2nd games in Zagreb, Croatia (1999); the 3rd games in Catania, Italy (2003); the 4th games in Hyderabad, India (2007); the 5th games Rio de Janeiro, Brazil (2011); the 6th Games in Mungyeong, South Korea (2015); and the 7th Military World Games held in Wuhan, China. CISM also conducts World Military Championships in 26 different sports annually. The U.S. usually participates in the following CISM Championships, and hosts 1 to 2 World Championships each year:

Official Language:

CISM official business is conducted in English and French, the two official languages, to include presentations, publications, and meetings. Arabic and Spanish are also used at meetings if the need arises.

Flags and Music:

CISM has its own flag, march and anthem. The flag is white with a blue border. The CISM logo is prominently centered on the flag. Mrs. Carla Foniutti of Italy composed the anthem and the march by Lt. Commander L.S. Lawton (U.S. Navy). The march is played at all championships when the CISM flag is carried on the field. The anthem is played while the flags of participating nations are raised and lowered and all other ceremonies. It is CISM protocol for all to stand at attention during the playing of the CISM anthem and other foreign anthems. Personnel shall only salute the U.S. Flag.

CISM Headquarters:

The Secretary General is located at the headquarters in Brussels, Belgium. Secretary General is Col Mamby Koita (Guinea) conducts the day-to-day activities with his staff.

CISM Leadership:

The member countries have elected their leadership from among qualified military officers and government civilians throughout the world. The United States CISM Chief of Delegation is Mr. Steven Dinote, who is also the Armed Forces Sports Council Secretariat.

The CISM President is currently Colonel Hervé Piccirillo from France.

CISM Sports Committee (CSC):

Each CISM sport has an established CSC. The CSC is responsible for all technical aspects of the specific sport to include rules of play, competition safety, course (competition) layout, etc. At each competition the CSC President and respective committee will ensure fair and proper competition.
CHIEF OF MISSION INFORMATION

1. Introduction: Many of the officers selected to be CoM of the US Armed Forces teams competing in CISM competitions are new to the CISM organization. Consequently, there are many questions about items such as: conditions of their stay in the host country, correct protocol, opening ceremonies, etc. Enclosed are pertinent portions CISM Administrative Regulations, to assist CoM in the efficient execution of their duties.

2. CISM Representative:
   a. A CISM Board of Director member or a member of the CISM Staff is appointed to represent CISM officially at each of the events scheduled on the calendar. If, at the last moment, the Official CISM Representative (OCR) appointed to represent CISM in an event is unable to attend the event, the highest ranking CoM or in his absence, a delegate present of the nations invited will take over the representation. Be prepared to inform the CoM of this responsibility in the event they are asked to represent CISM. Ensure they are experienced in CISM.

   b. If there are any problems at the Championship you and the CoM must try to work it out with the liaison assigned to your team. This person will speak English and will try to resolve the problem. If the problem cannot be resolved at this level then go to the Head of the Organizing Committee, and then finally if still not resolved, you have the authority to get the CISM rep involved. If this procedure is not followed, further action cannot be taken against host country by CISM. If a problem does not get resolved by the CISM rep, document your action and send me an e-mail after you get back.

3. Responsible Authorities. The following authorities are responsible for the direction of a CISM competition:
   a. Official CISM Representative,
   b. Competition Organizing Committee,
   c. Technical jury
   d. Jury of Appeal.

   e. Their functions are described in detail in the technical regulations governing each competition. However, for the jury of appeal, if three (3) CISM delegates from different countries are absent, the CISM delegates present completes it.

4. Regulations Governing Competition. Unless special authorization is granted by the General Assembly, all competitions are governed by the Special Regulations established by CISM.

5. Umpire/Referee. No umpire or referee may officiate in a CISM competition unless he is carried on the register of the International Sports Association concerned, except as permitted in the Special Regulation of the sport in question. The referee or umpire should be neutral whenever possible. The U.S sends certified internationally sanctioned referees to most CISM Championships and is lauded as some of the best.
6. **Opening Ceremony.** Any military ceremony prescribed by the protocol of the host country will be adhered to. The CISM flag is solemnly hoisted near the flags of the participating countries. The CISM anthem is played at the moment the CISM flag is hoisted. While the teams file by, the CISM march is being played. Depending on the protocol of the host country, opening of the competition is declared by either a high military or civilian official of the country or by the official CISM representative.

7. **Closing Ceremony/Awards.** According to the circumstances, the closing of a competition may either be accompanied by a military ceremony similar to the opening ceremony, or may be coupled with the distribution of awards during the closing dinner.

   a. CISM gold, silver, and bronze medals are presented to the athletes. If a Team trophy is won by the U.S. then you make the decision with the CoM on where it will be displayed back home, and inform the AFS office. You may also elect to send the trophy to the Armed Forces Sports Office. If U.S. team wins a rotating team trophy (e.g. Modern Pent) please have country contact the AFS office. Do not agree to any shipping, since we have had problems in this area.

8. **Protocol/Discipline.**

   a. The CoM is responsible for team discipline. During the contests, all athletes present at the sport venue are considered as equal by the referees and committees and are equal among themselves. No one may use their rank to impose their opinion in a sporting matter. The Armed Forces Sports Council approved the memos in Encl (1) of this booklet, where you as the CoM have the authority to send any U.S. participant back to their respective units. The first memo is for “Misconduct” and the second memo is for a “Combat Sport” (boxing, wrestling, taekwondo and judo) where the athlete does not meet competitive weight prior to competition.

   b. Please make it a point to address the team prior to leaving for the CISM Championship, as far as what you expect out of them, as well as to be prepared for anti U.S. sentiments depending on the country where the CISM Championship is being hosted. Their behavior and conduct at all times should be beyond reproach since they are representing DoD, the U.S Armed Forces and their Service. Any violation that embarrasses or reflects negatively upon the United States should result in the CoM sending the individuals back to their Units as soon as possible. Please follow input and recommendations provided by Team Captains and/or call the U.S. Chief of Delegation for further input or guidance, if needed.

   c. Please ensure that you and the team follow all host country and CISM protocol in the functions and abide the motto of “Friendship through Sport”. It is highly advisable to attend the daily meetings.

9. **Uniform.** Appropriate Military uniform (winter or summer) as dictated by host country in their invitation, is always worn at opening ceremonies and normally at the closing banquet. Since Closing Ceremonies are done right after the competition, warm-ups are usually worn; otherwise it will be the military uniform. The military uniform must be worn at any official event. Civilian clothes (issued polo shirt with khaki pants or shorts) may be worn for cultural initiatives sponsored by the host nation. See appendix (J) of the Armed Forces Sports SOP for Service equivalent uniforms.
10. **Delegation Security.**

   a. The host country is responsible for the safety of all delegations in attendance. All delegation members must receive Anti-Terrorism Level 1 and SERE 100.2 Level A training prior to OCONUS travel. These trainings are offered at http://jkodirect.jten.mil/. For Anti-Terrorism Level 1, search the course number JS-US007. For SERE 100.2 Level A, search J3TA-US1329. In addition, ISOPREP is now required for most COCOM’s. Visit: https://prmsglobal.prms.af.mil/prmsconv/Profile/Survey/start.aspx to complete this requirement. ISOPREP is normally valid for one year, but some COCOM’s require it every six months. Always best to update when you are planning to travel OCONUS. Those with an established profile may need to contact their security officer to verify that all information is accurate.

   b. Specific country information can be found at www.travel.state.gov/travel Click on the Consular Information Sheets to get all the info about the country where the championship is being hosted.

   c. AFS office will take care of travel clearances to the host country, and provide a copy with any approvals to the TC. AFS will take care of Country Clearances and take care of VISA needs if it is required for entry to a particular country. The host nation is responsible for all security measures. However, you are required to ensure you have the appropriate point of contact information for the U.S. Embassy in the host nation. The AFS will provide this information to the team captain. AFS will also provide links for mandatory training requirements for country and theater clearances.

11. **Travel Uniform of Delegation.** Due to operational security and safe travel practices, civilian attire is required for travel. Dress must be consistent and all team members must adhere. Civilian attire in these circumstances shall still be professional in image, such as khaki pants, polo shirt, dress shirt, etc… Jeans are not authorized.

12. **Mementos.** Your TC has been issued Mementos. You will present the large memento at the appropriate ceremony (scheduled by the host country) to the Head of the host Organizing Committee. Present the issued mementos to your counterparts at the Chief of Mission Luncheon or other appropriate gathering. Exchanges are normally a one-on-one reciprocation with other countries’ CoMs, and not a mass handout. Any extra mementos can be given out at the end to the key members of the Organizing Committee who you or the TC feel, went out of their way to assist the U.S. delegation. The TC has other smaller items such as pins, key chains and other items. The delegation members, to include you, have been issued extra clothing items to use for exchanging. Clothing items are the most popular items to exchange, along with the pins. Just make sure that athletes do not exchange their warm-up until the closing ceremony has concluded. Warm-ups are worn at all medal ceremonies, and sometimes for closing ceremonies.

13. **Program.** Upon arrival, the delegations normally receive the following information material: a guide containing all necessary information for the duration of their stay, local currency info and conversion places (ATMs are normally accessible), time and place of church services. Also meal schedules, operating hours of the Information desk, available means of transportation and schedule, and so on. Also, an envelope containing the technical program, contest schedules, composition of juries, time and place for training, and so on.
14. Housing/Food.

   a. The delegations will be housed under the best conditions possible, whereby the capability of the country and the rank of the guests will be considered. Normally CoMs and Referees are housed separately from the Team Captain and athletes.

   b. The food provided normally meets standards, but at times lacks in variety depending on host nation.

   c. All countries will do their best job possible to provide adequate lodging and food but sometimes this does not measure up to American standards. Try to make the best of the situation for the short duration of your visit to this country.

15. Medical

   a. Any medical issues should be worked through your Team Trainer who will coordinate with host organizing committee POC.

   b. Milder medical cases are treated in the dispensary.

   c. Severe cases are treated in a hospital equipped for complete examinations.

   d. A massage and general conditioning room for the athletes is normally offered.

   e. Host country will not provide treatment for anyone for an existing medical condition, but they are responsible for providing daily sick call.

16. Local Travel. The host delegation makes available all necessary transportation for delegation’s travel during the championship. However, it is not obligated to assume responsibility for private travel.

17. Arrival/Departure. Any delegation that participates in a championship must strictly adhere to the arrival and departure dates. An exception may be made due to an act of God, or where an understanding with the host delegation has been reached and, if necessary, with the Host Organizing Committee. As a rule, the arrival time is fixed 24 to 48 hours prior to the beginning of the contests and the departure time is 24 to 48 hours following the conclusion of the championship. If there are radical changes made by the host country, be sure to notify the Armed Forces Secretariat.

18. Anti-doping Testing. CISM does arbitrary test athletes for prohibitive substances similar to the Olympics. They follow the same strict guidelines as the International Olympic Committee, through the World Anti-Doping Agency (WADA). Your TC has further information regarding the testing procedures. Ensure all athletes are aware that anything consumed, to include simple herbal teas and energy drinks, may include ingredients listed on the WADA Prohibitive Substance List. In 2011, a U.S. athlete tested positive for a stimulant found in an energy drink that was legally purchased over-the-counter at a national retail outlet.
19. **Additional Information:**

   a. **Contingency Check.** The team captain is provided a $500.00 contingency check only upon request through the AFSCS. This is to be used only in emergencies. Such cases might include bottled water (if none provided by host), transportation to competition site if stranded at the airport, re-placement of lost airline ticket, etc. Unauthorized expenses include: team dinners/or drinks, buying personal athletic equipment, pay for sightseeing expeditions, purchasing additional mementos for the team. The contingency check is not automatically provided to team captains. They must be requested. Please ensure you communicate with your team captain if these funds were provided by the AFS office, or through their local command.

   b. **Expenses.** Each member of an Armed Forces team participating in a CISM Championship overseas receives $3.50 per day for incidental expenses, and the appropriate JTR destination rate on travel days. The host country provides lodging, food, and transportation.

   c. **After Action Reports.**

      1) It is requirement for a CoM to compose an after action report NLT 30 days after a CISM Championship and send it to the Armed Forces Sports Secretariat. This can be combined as one report with the TC or separate reports can be submitted. The report should outline your experience, any problems encountered, and a synopsis of the championship. They can be sent via e-mail to the Armed Forces Sports Secretariat with all the pertinent information. The Armed Forces Sports Secretariat will ensure that it will be disseminated to all interested parties, to include the U.S. Chief of Delegation, and highlight items in the report that warrant his attention.

      2) It is very important that the TC send the Armed Forces Sports Secretariat the full details of the championship (a story), and any action photos with cut lines identifying our athletes (by name, rank and service) that can forwarded to Public Affairs and service sports officers within 2 or 3 working days after getting back home.

**Enclosures:**

**Armed Forces Sports Council Memos (Encl 1)**

**Duties Checklist (Encl 2):**

The checklist is a tool the team captain uses to ensure all important duties are completed. A copy is furnished for your information.

**After Action Report (Encl 3):**

The team captain is responsible for completing and submitting an after action reports following a championship. A report should be completed within NLT 30 days after the championship.

1. Doping controls will be conducted at the Conseil International du Sport Militaire (CISM) Military World Championships in accordance with WADA (World Anti-Doping Association) International Standards. Doping is defined as the use of prohibited substances or prohibited methods designed to enhance sporting performance, and can be intentional or unintentional. All medalists and several random participants in each sport will be testing during the MWG. This is the same testing that is conducted at the Olympic Games and other international championships. Many of our national and world class athletes are already familiar with WADA and the list of prohibited substances and methods. Details can be found at the following websites: WADA, www.wada-ama.org or the U.S. Anti-Doping Agency (USADA), www.usantidoping.org. USADA provides anti-doping information, education and assistance to all athletes and generously supports U.S. Armed Forces Sports.

2. A positive doping test, even if accidental, comes with serious consequences. A positive test will result in a sanction, to include possible automatic disqualification from the competition, a return of medals won (including team sport medals), a ban from CISM competition for at least 2 years, probable suspension from the athlete’s International Sport Federation, and even fines. Each athlete is responsible for what is put into his or her body, and is responsible for ensuring that he or she is not taking any prohibited substances.

3. What are Prohibited Substances?

   a. Prohibited substances are those considered to have performing enhancing capacity. These are listed in their entirety on the WADA 2021 Prohibited List, on the USADA and WADA websites. It is best to check for the most recent versions as they may change during the year.

   b. Classes of prohibited substances include anabolic steroids; diuretics; IV fluids; hormones (other than birth control); and beta-2 agonists for asthma (except albuterol and salmeterol as above). Substances prohibited only in-competition include corticosteroids taken orally, rectally or by injection; stimulants (such as those used for Attention Deficit Hyperactivity Disorder); narcotics (strong pain relievers like Percocet); marijuana and alcohol; and beta-blockers.

   c. Prohibited substances may be used for legitimate medical purposes only after obtaining a Therapeutic Use Exemption through USADA (see below for more details).

4. How do I determine if my prescription or over the counter medications are prohibited?

   a. Go to the Global Drug Reference Online (DRO) http://www.globaldro.com. This interactive search tool tells athletes if their medications are prohibited or permitted. It is anonymous; simply select your sport and list your medication. You will get an immediate response along with a reference number documenting the encounter. Write this number down and keep it for future reference.

   b. Note: supplements/herbals/energy drinks are not included in the DRO as these are “take at your own risk” substances. See below for more information on supplements.

   c. Call the USADA Drug Reference Line during business hours at 800-233-0393 or 719-785-2020. You can also send an e-mail to drugreference@usantidoping.org.

   d. For further assistance, you can contact the Armed Forces Sports Secretariat at steven.a.dinote.naf@army.mil or 210-238-9919.
5. **Therapeutic Use Exemption (TUE).**

a. A TUE is a waiver which gives an athlete permission to use a prohibited medication in order to treat a legitimate medical condition. It must be obtained prior to competition and can take 1-2 months to obtain. A TUE is good for a specified period of time (max 4 years) and must be brought to competitions and presented at the time of drug testing. All military athletes taking a prohibited substance must have an approved TUE prior to the CISM Event. Contact the Drug Reference Online or the AFSCS office if you are uncertain if you need a TUE.

b. All US athletes are encouraged to submit their application directly to USADA, even though in some instances the international federation is the granting body for the TUE. USADA has special arrangements with the international federations such that we receive all TUE applications. USADA will interact with the national and international sporting bodies on behalf of the athlete. Download forms and instructions from USADA, [www.usada.org/substances/tue/](http://www.usada.org/substances/tue/).

c. Athletes may apply for a CISM TUE through the Armed Forces Sports Council Secretariat Office, using the CISM TUE Application Form. The Armed Forces Sports – Sports Medicine Advisory Team may assist in providing the necessary assistance to ensure that the application is completed appropriately.

   1) This form is available on the Armed Forces Sports website. Applications must be submitted 30-days prior to the CISM Championship. This process is easier for athletes than applying through USADA. However, for athletes that compete internationally outside of CISM, the CISM TUE is only applicable for CISM competitions. Therefore, applying through USADA is preferred.

   2) If athletes are administered a medication that is on the prohibitive list for medical purposes within the 30-day period leading up to the CISM Championship, the athlete must immediately contact the U.S. Chief of Delegation to start the TUE application.

d. CISM TUE applications may be applied for retroactively when there is insufficient time or opportunity to submit the application. In such cases, it is necessary to inform the Doping Control Agent that you have been taking the prescribed medication (substance) and that you either have submitted or plan to submit a retroactive CISM TUE application.

e. All CISM TUE applications are submitted to the CISM TUE Commission for approval. Once approved, the U.S. Chief of Delegation shall inform the athlete, team captain, coach and the medical team that the athlete has an approved TUE and is authorized to participate in competition.

6. **What substances are permitted?** Many standard prescription and over the counter medications are permitted. This includes anti-inflammatory medications (such as Aspirin, Motrin, Tylenol, Naprosyn), antihistamines (such as Benadryl, Allegra, Zyrtec, Claritin), birth control pills, and antibiotics. Acid reflux and ulcer medications (such as Prevacid, Zantac, etc.), muscle relaxants (such as Flexeril), and most anti-depressant medications (such as Paxil and Zoloft) are also permitted. For asthma, inhaled albuterol and salmeterol and inhaled corticosteroids are permitted, but albuterol has urine concentration limits. Phenylephrine, phenylpropanolamine, and pseudoephedrine (decongestants found in many cold preparations) are now permitted—but pseudoephedrine also has urine concentration limits. Topical corticosteroids, including nasal allergy preparations (Nasonex or Flonase), eye or ear drops, or creams, are permitted. See the Global Drug Reference Online (DRO) to check your medication, as the medication may not be permitted in certain concentrations or in different sports.
7. What about Supplements, Amino Acids, Herbals, Energy Drinks, and Vitamins?

   a. If you take these products it is **AT YOUR OWN RISK** of a positive test and a doping violation. Many of these products contain prohibited substances. These products are **NOT** regulated by the Food and Drug Administration, so there is no guarantee that the list of ingredients on the label is accurate, or that their claims of performance are substantiated. Many of these products have dangerous side effects, which are compounded if taken at more than the recommended dosage or in combination with other similar products.

   b. Even if there do not appear to be any prohibited substances listed on the label, the product may contain additional ingredients or contaminants that may be prohibited and result in a positive test. There is currently no guarantee that any particular supplement, including vitamins, amino acids or herbal preparations, is free from prohibited substances. Please see [www.usada.org/substances/supplement-411/](http://www.usada.org/substances/supplement-411/) for additional supplement information.

   c. Understand that even if you legally purchase a product at a recognized national store are used for working out and are not necessary designed for competitions subject to WADA. Many products openly state that their product will result in a failed doping test if consumed. In addition, the product warnings are buried in their literature and often missed. It is your responsibility to know what ingredients are ingested in your own body. This also applies to energy drinks. When in doubt, consult your team medical staff or the Armed Forces Sports Office.

   d. To make certain you understand the notes above, at the 2011 World Military Games in Rio de Janeiro, Brazil, a U.S. Athlete tested positive for a stimulant on the WADA Prohibitive Substance List. The athlete ingested an energy drink purchased at a national outlet store. The athlete failed to read the ingredients or alert the medical staff because the athlete assumed that the drink was safe because it was purchased over the counter and the athlete did not consider energy drinks a supplement. Keep in mind that any product consumed that is designed to provide any advantage, whether it is additional energy, muscle recovery, or any other affect, is considered a supplement and must be reported to the medical team before the CISM Championship.

Affirmation:

By signing below I acknowledge that I have read the above the Athlete Anti-Doping Education and Declaration Form. I understand that I will be subjected to doping controls at the CISM Championship, and that any medications/supplements I may be taking I do so at my own risk. If I require the use of prohibited substances to treat medical conditions, I understand the requirement to obtain an approved TUE in advance of the competition. I must bring any TUE with me to the CISM Championship and will be required to present it at the time of testing. If I fail to alert the medical staff of any products consumed and fail a doping test, I will be subject to sanctions from international competition, action by the Armed Forces Sports Council/Working Group, and action by my command through the Uniform Code of Military Justice.

Anti-Doping

Information for Athletes, Coaches and Team Captains
Background

• The World Anti-Doping Agency (WADA) was established in 1999 and its code was developed to harmonize anti-doping rules and sanctions on a worldwide basis.

• The United States Anti-Doping Agency (USADA) began operations in 2000 following the recommendation by the United States Olympic Committee’s (USOC) Select Task Force on Externalization that an independent agency be created to uphold the Olympic ideal of true sport on behalf of the nation’s Olympic and Paralympic movement.

• Armed Forces Athletes are subject to anti-doping testing per the WADA code when competing at Conseil International du Sport Militaire (CISM) Championships.
Definition of Doping:

• Doping, as defined by the Code, is the occurrence of one or more of the following anti-doping rule violations:

  – Presence of a Prohibited Substance or its Metabolites or Markers in an Athlete’s Sample.
  – Use or Attempted Use by an Athlete of a Prohibited Substance or a Prohibited Method.
  – Refusing or failing without compelling justification to submit to Sample collection after notification as authorized in applicable anti-doping rules, or otherwise evading Sample collection.
  – Violation of applicable requirements regarding Athlete availability for Out-of-Competition Testing including failure to file required whereabouts information and missed tests which are declared based on rules which comply with the International Standard for Testing. Any combination of three missed tests and/or filing failures within an eighteen-month period as determined by Anti-Doping Organizations with jurisdiction over the Athlete shall constitute an anti-doping rule violation.
Definition of Doping – cont’d

- Tampering or Attempted Tampering with any part of Doping Control.
- Possession of Prohibited Substances and Prohibited Methods.
- Trafficking or Attempted Trafficking in any Prohibited Substance or Prohibited Method.
- Administration or Attempted administration to any Athlete In-Competition of any Prohibited Method or Prohibited Substance, or administration or Attempted administration to any Athlete Out-of-Competition of any Prohibited Method or any Prohibited Substance that is prohibited Out-of-Competition, or assisting, encouraging, aiding, abetting, covering up or any other type of complicity involving an anti-doping rule violation or any Attempted anti-doping rule violation.
Responsibility

- Due to the principle of strict liability, an athlete is personally responsible for any prohibited substance found in his/her system, regardless of how the substance got there.
  - Not being aware that a product contained a prohibitive substance is no excuse. Athletes must understand that all products consumed may contain prohibitive substances. Athletes must research the products they consume or ask their medical professional for assistance.

- All athletes are required to complete the CISM Athlete Consent Form, authorizing CISM to conduct anti-doping screening. Failure to complete the form will result in disqualification of competition and considered a violation of the Athlete Code of Conduct.
Case Study

• At the 2011 CISM Military World Games in Rio de Janeiro, Brazil, a member of the USA team sport delegation tested positive for a prohibitive substance. The athlete consumed a popular energy drink, which was purchased from a retail nutritional store on the installation. The product contained the ingredient Methylhexanamine, which was added to the WADA prohibitive substance list in 2010.

• The athlete read and signed the anti-doping declaration forms provided to him by the medical staff prior to departing to the CISM Military World Games. In addition, he did not disclose any supplements he was taking. The athlete claimed that he was not aware that energy drinks or multi-vitamins were considered supplements. Moreover, he was not aware that the product contained any banned substances.
Case Study – cont’d

• Had the athlete indicated that he was taking the product to the medical staff or visited the product’s website, he would have known that the product did not comply with the WADA code. The product’s website clearly states that if an athlete is competing at an event and subject to WADA or NCAA antidoping testing, they will fail. In addition, the Medical staff would have immediately known that Methylhexanamine was on the prohibitive substance list.

• Methylhexanamine, also known as dimethylamylamine (DMAA), is a dietary supplement and simple aliphatic amine used as a nasal decongestant. It is a stimulant and often used with caffeine to gain energy. Please visit http://hprc-online.org/ for a complete list of products that contain DMAA as well as learn more about the supplements you are taking.
Case Study – cont’d

• The athlete’s failure to research the product was no excuse per the WADA code. All athletes are responsible for every product they consume, regardless if they were aware or not of the product’s ingredients. Many supplements are not monitored by the Food and Drug Administration (FDA), and are not required to fully list the complete ingredients. When in doubt, ask your medical professional.

• The athlete assumed that products sold at retail stores would not contain ingredients that were banned on the WADA prohibitive substance list. This assumption led to a positive doping violation.

• Keep in mind, supplements purchased at retail stores are completely legal and pose no threat to ones health when used as directed. However, many of the products contained ingredients on the WADA prohibitive substance list. Most responsible products have warnings on the label or their website describing whether or not the product complies with NCAA or WADA anti-doping rules.
Case Study – Results

• The result of the athlete’s error in judgment and lack of knowledge:
  – The athlete fully admitted to consuming the product to the CISM Discipline Commission, acknowledging that his lack of awareness was no excuse and he assumed all responsibility and the ruling determined by the Discipline Commission. In addition, the athlete has been actively educating other athletes of the incident.
  – The letter submitted by the athlete and his full cooperation and acceptance of responsibility of the incident sent a positive message to the Discipline Commission. Therefore, the CISM Discipline Commission issued the following sanction:
    • 1-year ban from CISM competition per the WADA Code. The WADA Code also prohibits any athlete from training and competing with his club or other sport. In other words, the athlete was banned for one-year in competing with the U.S. Armed Forces team of any sport as well as competing at the Armed Forces Championship of any sport.
Prohibitive Substances

• **How does a substance or method get placed on the Prohibited List?**
  – Typically, a substance or method is considered for the WADA Prohibited List if the substance or method meets any two of the following three criteria:
    
    • It has the potential to enhance or enhances sport performance
    • It represents an actual or potential health risk to the athlete
    • It violates the spirit of sport
    
  – None of the three criteria alone is sufficient to add a substance or method to the List.

• **NOTE: This Prohibited List is updated annually and is subject to change.**
  – For the most up-to-date information, visit www.usada.org/prohibited-list.
Stimulants

- The primary medical use of these compounds is to treat conditions such as Attention Deficit Disorders, asthma, narcolepsy, and obesity.

- What are some potential side effects and health risks of stimulants?
  - Insomnia
  - Anxiety
  - Weight loss
  - Dependence and addiction
  - Dehydration
  - Tremors
  - Increased heart rate and blood pressure
  - Increased risk of stroke, heart attack, and cardiac arrhythmia

- What about over-the-counter products containing stimulants?
  - Prohibited stimulants are often present in over-the-counter products such as nasal sprays, diet aids, and headache/cold remedies. The prohibited substance pseudoephedrine is commonly found in cold and flu medications. Athletes should ensure they do not take medications with pseudoephedrine during or immediately prior to competition. Dietary supplements, which can be purchased over-the-counter can contain prohibited stimulants like methylhexaneamine and oxilofrine also known as methylsynephrine. Be sure to check Global Drug Reference Online www.GlobalDRO.com, the Wallet Card, or call Athlete Express (719) 785-2000 or Toll-Free (866) 601-2632 or email athleteexpress@usada.org for more information.
What to do if you are on medication?

• Immediately notify Armed Forces Sports, who will direct you to our Sports Medicine Advisory Team to assist in researching your medications.

• Armed Forces Sports will assist in preparing the Therapeutic Use Exemption (TUE) form, which needs to be completed at a minimum of 30-days prior to the CISM championship. Exceptions may be granted if a medication was administered for medical purposes within this 30-day window prior to competition.

• Your medical professional can assist you. There are many cases where athletes are prescribed medications that contained prohibitive substances. You can only obtain the TUE if you fully disclose all products you are consuming. **Supplements will never meet the requirements!!**

Armed Forces and CISM Flag and Marching Protocol

Armed Forces Championships:

Service Branch Flag protocol when presenting colors from all six branches:

During Armed Forces Championships, Service teams shall march in the following order: Army, Marine Corps, Navy (with Coast Guard when combined team), Air Force (with Space Force when combined team), Space Force (when competing as Space Force-only) and Coast Guard (when competing as Coast Guard-only). The host Service shall always march in last despite the order listed above.

CISM Championships:

During CISM Championships, U.S. Armed Forces team members shall march by their respective Service branch in the following order from first to last: Army, Marine Corps, Navy, Air Force, Space Force and Coast Guard.
